DETAILED ACTION

Allowable Subject Matter

This image processing method advantageously provides improvements in automatic detection and marking of features of interest for medical images medical images to ensure an unbiased CAD-assisted review of the marked medical images by physicians, clinicians, radiologists etc.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
